RE: REFERENCE FOR MARY E. COSTELLO

To Whom It May Concern:

I have had the opportunity to sub-contract with Mary recently on several diverse, as well as complex, grant proposals. Her ability to easily grasp a grant concept and ask knowledgeable questions to move forward to a workable draft was excellent. I found her extremely reliable, able to meet her deadlines, and provide a clear, concise and professional product that not only met the needs of the client, but exceeded them.

Grant writing on any level can be challenging, and requires someone that has the ability to express completely what is given to them in a few thoughts. Mary has shown me through her work that she truly has that talent.

I find Mary to be an absolute delight to work with, and would highly recommend her to anyone that is looking for a grant writer that can deliver a high quality, professional product that can be funded. If you would like further information, I can be reached at 301-994-1552.

Sincerely,

Barbara J. Hayden-Potts
